THE COLLEGE APPLICATION PROCESS

SELF REPORTING COLLEGES

- Students must accurately report their academic information on the application. Official transcripts are not part of the initial application. They are sent at the end of senior year. If students do not report accurately, offers of admission could be rescinded.

TRANSCRIPT/APPLICATION FOLLOW-UP

- Check the date that your transcript was sent from NVHS on Naviance
- From the sent date, allow the college time to acknowledge receipt of the transcript
- Check your status online on the college's web site- they post what is received

NOTIFICATION OF ADMISSION

- Rolling Admission – colleges will notify applicants as they receive applications
- Notification Dates – colleges will notify students by particular dates
- Multiple Notification Dates – colleges notify some students by a certain date and other students at a later date. (May be due to “priority” filing of applications, may vary by college within the university, or some applications may require additional review.)

EARLY DECISION/EARLY ACTION—options at highly selective

- Early Decision Notification (ED) is designed for students who have evaluated their college choices at an early date, have determined their first choice and are ready to sign the Binding Agreement with the college. Use it only if you are 100% certain of the college that you want to attend. Can only apply to one ED.
- Early Action Notification (EA) programs have varying rules. These are NOT Binding Agreements to attend the college but may have different guidelines. Read carefully.
- NOTE- Many colleges have priority filing dates. Please check individual college deadlines.

MID-YEAR REPORTS

- Some colleges will request a mid-year report (an official transcript that includes your 7th semester). If your application requires it, refer to the Submitting Transcript Requests section of this handout.

FINANCIAL AID AND SCHOLARSHIPS

- Free Application for Federal Student Aid (FAFSA) is available on-line beginning 10/1/2017 www.fafsa.gov
